

# We've made it simple – you can file your Voluntary Benefits claim online.

## When the unexpected happens, we're here to help.

Trustmark's commitment to service means we're here when you need us. That's why we made filing a claim online simple, and it's easy to upload the required documents\* which makes processing your claim even faster.

*\*Not ready to switch to online? Any claims filed outside of our online system must include an accurate claim form for each submitted claim, with back up information to support the claim. Claims submitted without a claim form(s) can no longer be accepted, and may take longer to process.*
