## What's the timeframe for an employee life insurance claim?

### Day 1 starts...

As soon as you hit Submit — when filing a claim online.

### Within 24 hours...

We will send a letter to the named beneficiaries notifying them of the Life Planning Financial & Legal Resources available to them. The claim will be assigned to a life benefits specialist.

### By Day 5...

Unum will either make a decision on the claim — or the life benefits specialist will contact the beneficiaries to notify them of the status of the claim. Unum may request additional information, such as a certified death certificate. We will typically make a benefit determination on life insurance claims within five days.

### After Day 5...

The life benefits specialist will provide written updates on the claim status at least every 30 days until a benefit determination is made. Benefit determinations on Accidental Death & Dismemberment claims often take longer. Unum will typically make a decision on AD&D claims within 60 days.
